## Scope and Content Note

The Etherton Gallery archive is divided into two series: Terry Etherton records and Etherton Gallery records. Each series is subsequently divided into subseries:

**Terry Etherton Records** (n.d. 1925, 1981-1995) contains the subseries for Correspondence and Postcard Collection. An index to selected correspondence is included for more detailed description of contents of the subseries.

**Etherton Gallery Records** (n.d., 1940, 1976, 1979-2015) contains the subseries Artist Files, Publicity & Publications, Business Files, and Photographic Materials. The bulk of the collection lies within the Artist Files, containing correspondence, sales, examples of work, and clippings from publication write-ups. The Publicity & Publications subseries contains write-ups on the gallery's exhibitions, published advertisements, and various books of represented artists' works. The Business Files subseries contains financial records, history of the gallery, installation photos and slides, exhibition announcements, and conference materials. The Photographic Materials subseries contains transparencies and negatives documenting the gallery space, and portraits of Terry Etherton at various points during his life.

During processing brackets were placed around folder titles given by the processor, whenever possible folder titles remained unchanged. Account numbers, credit card numbers, and social security numbers present in the collection have been marked out to preserve privacy. Discs of images are present in artist files and business files, but no other digital materials are represented.
