While we are temporarily closed, we hope to show you how much we value your continued support. During these difficult times we need our members more than ever. You may not know it, but your membership provides immense support to the Center, and we are grateful for you. We will be taking the following measures to honor our current and future CCP members.

**Current Members:**
All Memberships will be extended the number of months that the Center is closed to the public to compensate for reduced access to the physical galleries. We will update all Membership renewal dates in our database once we reopen.

**Renewals and Future Members:**
If you choose to renew or purchase a new Membership during this period to provide vital support to the Center, your Membership will begin on the first date that the Center reopens to ensure you enjoy the full benefit of your year-long Membership.

**Processing Memberships:**
Memberships will be processed during the closure. Instead of physical letters and cards, we will acknowledge your membership with an email. All past and current acknowledgements will show a Membership renewal date that is a year after your purchase. Once we reopen we will send your physical membership cards with an updated renewal date for current, renewing, and new members.

As we move forward with closure, we are looking to create opportunities for members to engage with us and each other digitally. While we build those opportunities, please feel free to share your stories, photos, questions and concerns with us directly. Your support and correspondence mean a great deal to us. As we've always said, the Center's membership program is more than that, it is family and community. Thank you for choosing to be a part of it!

Brit and Deanna

**Stay connected**

The University of Arizona has established a dedicated website that provides updates and resources, and we encourage you to refer to that site for ongoing information.

During the time when our physical doors are closed, we look forward to connecting with you virtually, through our website, social media, and our new app, CCP Interactive. Our staff is excited to offer you new and engaging content through these channels over the next months.

For information about other Arizona Arts closures, please visit their website [here](#) and [here](#).
